

HIMSS Chapters

Shaping the Landscape of Tomorrow's Healthcare II

About HIMSS

The Healthcare Information and Management Systems Society (HIMSS) is a healthcare organization that promotes the adoption of information technology to improve the quality of healthcare.

HIMSS frames and leads healthcare public policy and industry practices through its advocacy, educational and professional development initiatives designed to promote information and management systems' contributions to ensuring quality patient care.

Founded in 1961 with locations around the world, HIMSS represents more than 20,000 individual members and over 300 corporate members that collectively represent organizations employing millions of people.

HIMSS in Pennsylvania

The two PA HIMSS chapters, Delaware Valley and Western PA, represent nearly 2,000 Pennsylvanians who are dedicated to improving healthcare for Commonwealth citizens. Members are regional healthcare professionals employed by the following Pennsylvania organizations:

- Medical Centers
- Healthcare Provider Organizations
- Healthcare Product Vendors
- Consulting Firms in Healthcare

Combined with the 33 sponsors of this event, the constituents attending Advocacy Day represent some of the largest employers in Pennsylvania.

For additional information regarding HIMSS activities and contacts at either of the PA chapters, please visit the websites below:
